## Interesting Talk

Rev. W. H. Best, Field Secretary of S. S. work in Baltimore Conference, filled his Highland appointment as announced, speaking from the Methodist pulpit in Monterey Sunday night. He talked for more than an hour, but few if any, felt worried, most assuredly no Sunday school worker, for his remarks were both helpful and interesting. He "sized up" the Monterey school according to the chart or standard adopted, and found, in answer to questions put to the superintendent and teachers, that it was about a 65 per cent. school, the only one reaching 100 per cent. efficiency being that at Petersburg, W. Va.

His assertion that the people of Highland (later broadening his territory to include Virginia, West Va. and Maryland) paid more attention to their stock and hay-stacks than they did to their children, was regarded by some as "putting it strong," but it is a charge calculated to make parents think, to say the least. He also emphasized, among other things, the proper attitude of the Sunday school and church toward temperance, reminding his audience that the matter was not yet settled. Referring to the illicit traffic of the day he declared that the Federal authorities—no matter how persevering—could not check it without the aid of public opinion, the one telling factor in its suppression; that whenever the good people of a community looked upon the moonshiner and bootlegger as they did upon a chicken thief and horse-thief, then the evil would cease or words to that effect.

Mr. Best made a talk to the pupils at the school room Monday morning.

Pale Complexions, Languid Feelings, Lowered Vitality, Need More Red Blood. Take Pepto-Mangan

So many people spend weeks after weeks feeling down and out. They never stop to think that something really is the matter. They satisfy themselves by saying, "Oh, I'm not sick. I'll be all right tomorrow."

And tomorrow comes again and again. Still they feel depressed and languid, scarcely able to get around.

If you don't feel like yourself, you are not yourself. If you are weak and pale, your blood needs strengthening. You should know about Pepto-Mangan, that famous blood tonic. Physicians recommend it and prescribe it because it contains just the ingredients needed to make red blood. It renews your energy, puts you where you ought to be. Begin with it today. Get the tablets if they will be more convenient to take than the liquid. Both have the same medicinal properties. But be sure you get the genuine Pepto-Mangan. Ask for "Gude's" and be sure that the full name, Gude's Pepto-Mangan, is on the package. Advertisement.
